- I will use this knowledge in my personal life when I create a webpage to market myself
- I will use the knowledge to grow in the production industry by by creating a website to promote and engage others.
- I will build a website for group projects

**Q25 - Explain any positive changes you would like to see made to this course.**

Response Rate: 50.00% (7 of 14)

- I think that due dates should be the same time and day of the week. I also think that this course could be a lot more organized compared to other online courses I have taken. You have to dig to find the due dates.

-	I would like to see all assignments to be due at 9:00 or 11:59. I do not like how the assignments due times change between these times. I also would like to see the that quizzes be created to replace a few of the discussions. I respect the discussions, but I feel that discussions is better in the beginning of week. For example in week 2 we did 2 discussions, a test and a project. I would like to see that Chapter 3 be and discussion for Monday and Tuesday. Then Wednesday be the test, and Thursday be the project, and Friday be a quiz on chapter 4. I feel that the project and discussion being together makes for a stressful day. I also would recommend that the class be a little more flexible. For example that once you complete week 1 then week 2 opens automatically so we could actually finish early if we choose. That being said the test would need to open as the student finishes the assignments that lead into that test.
-	The professor didn't teach! He did nothing besides give instructions, I was the teacher and the student throughout the entire course.
-	N/A
-	Video lectures
-	I would like for the class not to seem so rushed and quick to end or jam weeks together so fast.

<b>Q26 - Comment specifically on the value of texts, class materials, assignments, and class activities.</b>	
<b>Response Rate:</b>	<b>35.71%</b> (5 of 14)
-	I feel that everything was very well in complementing each other, and was very good.
-	Everything was important.
-	Assignments was sort of easy. it required the student to take time to actually do it.
-	Very valuable because we utilized the textbooks all the time
-	Excellent

<b>Q27 - Comment on the evaluation methods utilized—fairness, difficulty, ease, etc.</b>	
<b>Response Rate:</b>	<b>35.71%</b> (5 of 14)
-	This class evaluation methods was very faire, and allowed you to easily track your grade.
-	He was fair in his evaluation style.
-	Fairness
-	Fairly easy just meet all deadlines
-	I wish the class rubrics were more detailed and designed to each individual assignment that uses verbage aligned with the actual activity.

<b>Q28 - Comment on the instructor's overall effectiveness as a teacher in his/her discipline.</b>	
<b>Response Rate:</b>	<b>35.71%</b> (5 of 14)
-	Great teacher, but I wish I could have worked more at my speed. Online classes are for flexibility, and I choose online for that this summer. I needed to be able to finish a little earlier, but he does not allow that. As for effectiveness he is great.
-	Again, he wasn't the teacher. He taught me nothing this semester. I was the teacher, so since I was the teacher, I would say my discipline was effective.
-	I loved this professor !
-	Very effective professor! Would take him again
-	I enjoyed the class.
